

## Summary

User Information page | Column titles are incorrect

## Description

Column titles on the User Information page, don't bring any information and might confuse the user.

## Test steps

- Go to 192.168.43.214:8080 website
- Click "Register" link, located on the top ribbon
- Fill in all the inputs, and press "Register"
- Click "Log In" link, located on the top ribbon
- Input the data of the newly registered user and press "Log In"
- View the columns titles of the table

## Actual behaviour

Columns titles are: key and value. These titles are confusing and do not bring any information to the user.

## Expected behaviour

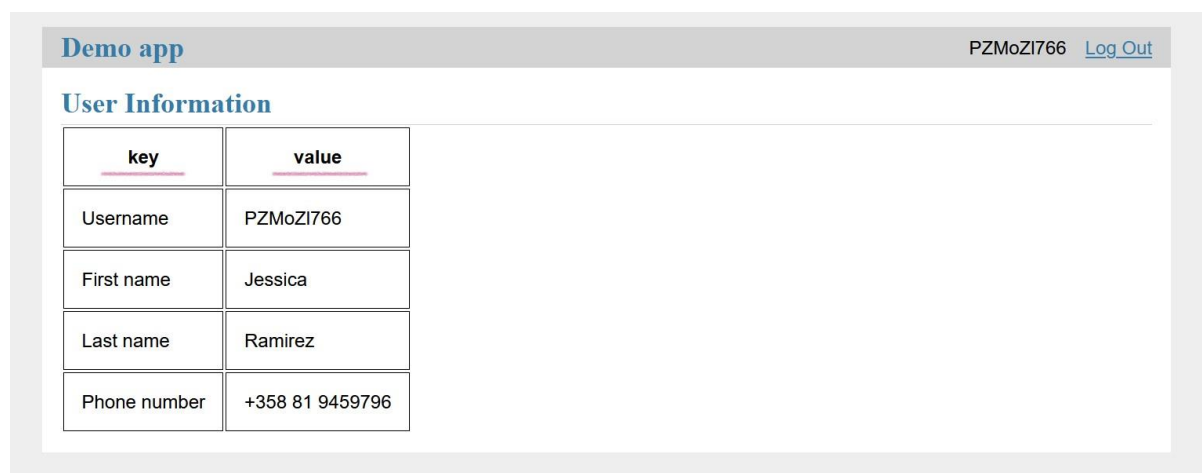

Remove the column titles, or exchange the column titles to the valuable ones.

## Software

Flasky, commit hash: 3d0f430.

## Notes

Image is attached. Titles underlined red.

The screenshot shows a web application interface. At the top, there is a header bar with the text "Demo app" on the left and "PZMoZI766 [Log Out](#)" on the right. Below the header, the main content area is titled "User Information". Under this title, there is a table with two columns: "key" and "value". The "key" column has five rows: "Username", "First name", "Last name", and "Phone number". The "value" column has five rows: "PZMoZI766", "Jessica", "Ramirez", and "+358 81 9459796". The table is styled with a light gray border and the column headers are underlined in red.

key	value
Username	PZMoZI766
First name	Jessica
Last name	Ramirez
Phone number	+358 81 9459796
